Please note that due to the COVID-19 pandemic, Greystone College Australia plans to continue to run its online classes for VET students until as late as October, 2020.

# ONLINE LEARNING SUPPORT MEASURES FOR GREYSTONE COLLEGE STUDENTS

## **Why is Greystone College Australia delivering classes online?**

Due to the COVID-19 pandemic, Greystone College has had to shift its delivery of VET courses from on-campus to online. This shift, which occurred from the week of 23 March 2020, will continue until at least October 2020 as Greystone College assesses government guidelines and directives.

## **How can I access my online VET courses?**

Delivery of lectures and support classes are provided using professional ZOOM webinar technology. The technology allows students and trainers to screen share content, use on screen whiteboards, use breakout rooms for group based learning activities or private conversations, manage in class polls and debates, trainer to student or student to student chat functions and much more.

## **What equipment do I need to join online?**

Greystone College students can participate in the online courses using a smartphone, laptop or tablet. They also need an internet connection to connect in.

Greystone College uses MOODLE as its Learner Management System, which all students have access to once they commence their program. Classes are delivered remotely using ZOOM as its platform.

If a student does not have the necessary equipment to join online classes, the college may be able to support the student with on-campus equipment.

Greystone College students receive a free Microsoft Office subscription, and this allows them to have access to all the MS suite of products, including Word, Excel, PowerPoint and TEAMS.

## **How should I complete assessments?**

### **How about observations and role-plays?**

Assessments are delivered using our customised Learning Management System, Moodle. Students are able to access all topic content online, and provide written responses using fillable PDF documents and templates to deliver individual and group-based assessment. If students are not able to access these documents online, PDF print-outs can be made available.

Students are also required to demonstrate knowledge of assessments through trainer observations during webinars as part of their final grade. Observations might include a group activity such as a presentation, or individual role play simulation. Grades and detailed assessment feedback are allocated to students via Moodle allowing students to manage their course progress.

## **Who can I talk to if I have a problem?**

Greystone College students have access to student support via email, phone or in-person at the campus.
