Program Description

The Diploma of Leadership and Management will provide you with knowledge, practical skills and experience in leadership and management that can be applied across a range of enterprise and industry contexts.

Learn to develop and display initiative and judgement in planning, organising, implementing and monitoring your own workload and the workloads of others. Develop communication skills to support individuals and teams to meet organisational goals and objectives.

Study Schedule/Delivery Mode

In all of our programs, you will build a timetable which combines 6 hours per week of online study and 14 hours per week of in-class study. The online study component includes exercises, discussion forums, and resources to help with assignments and to provide foundational academic and learning skills. In-class study schedules combine the core lecture with foundation skills and PASS classes.
