WHAT IS IELTS?

IELTS, the International English Language Testing System, is an internationally recognized test of English proficiency. Targeting and achieving an IELTS score opens up global opportunities for study, work and migration.

DESCRIPTION

The IELTS Mastery: 6.5 Program supports you to achieve an IELTS band score of 6.5, which is the score accepted for entry into many colleges and universities in Canada and the USA. This intensive test preparation program will prepare you for success in all four IELTS skills, including writing, reading, speaking and listening. To help you achieve your IELTS target, the course will combine daily instruction with practice tests, and test-taking strategies.

Achieving the 6.5 band score requires dedication and commitment from you and collaborative support from your teachers. At the start of the program you will sign a contract agreeing to complete all homework and attend 95% of your classes. Your teachers will monitor your progress throughout the program and give ongoing feedback to help you strengthen any weak areas, and to keep you on track.

Our onsite IELTS staff are also available to help you with the IELTS test registration process. The program includes one IELTS test, which must be taken at ILSC within 30 days of completing the program.

OUR PROMISE TO YOU

ILSC is confident in the academic quality of our program. If you do not achieve a band score of 6.5 in the official IELTS test included in your program, you can take the next available IELTS Mastery: 6.5 Program free of charge for eight weeks!* The length of study time required to achieve IELTS 6.5 varies according to your starting level:

Starting Level	Number of weeks of study required to reach an IELTS band score of 6.5

*The second FREE program does not include another IELTS test, and students must register and pay for a second test on their own (IELTS test price is \$230). Students must also meet certain conditions during their first program in order to access the FREE additional 8 weeks of the IELTS Mastery 6.5 Program:
